Supt. U. S. Mint Phila

Dear Sir

Yours of 10th inst received with inclosures of bills for blanks. I will hand them to Mr. Stocks with the request you make.

I was very glad to get your letter as it seemed a long time since I have heard from you did Cousin Martha get home safely. I presume she did but have not heard. I would have seen her off on the train and offered to do so but as Mr. Marshall and his wife were going to the train with

her she said she would not require any other escort.

Every thing here goes along as usual. Mr. Grace has procured his ticket for return to Phila next Monday the 17th. as I wrote you yesterday our stock of medals will be exhausted tomorrow and Mr. Ewing is getting very much exercised about the new obverse die. and yesterday wanted me to telegraph you about it. but I told him that I was positive that you were having it pushed as rapidly as possible and that telegraphing would not hurry it any.

Geo. Soley got his press running yesterday and sold $14.00 worth of medals. but he seems to be

disheartened about it. and thinks the place that has been given him is poor for his purpose. It certainly is far from the most favorable place he could have had. but I hope that his work will not prove the failure that he is evidently expecting

Our Innit family join me in sending kindest regards.

Very Respectfully
N. S. Beckley
